Hi Calvin,

It was a busy day, but we were able to submit our revised application documents to the GSDT – using the Information Request module, Request #6. Confirmation email below, with attachment. Thank you to the Cadmus team who was able to sort out the system's technical error in rapid order so we could submit today!

Note, no confidential business information (CBI) was submitted through the GSDT. As we have done in the past, I would like to transmit a version of the document with CBI (updated Application Narrative) directly to EPA via secure means. Please advise if methods used in the past, i.e. password protected pdf-file sent over email, will suffice.

Thanks again and have a good weekend.

Best Regards,  
-Rebecca
